

Worship Date: May 30, 2010

Worship Theme: Creator, Redeemer, Guide

Scripture Reference: John 16:12-15

Materials: Map

Last week we talked about being a power for Jesus. Today, I would like to tell you a story about a time that I was lost.

Have you ever been lost? I have. I remember one time I was on some back roads trying to get home but had made a wrong turn. Before long, I had no idea where I was. Luckily, I had a map like this one in my car. The only problem was that I didn't know where I was at on the map. I wasn't sure which way was North, South, East, or West. If only it was time for the sun to set I would know which way I was heading because the sun sets in the west. After an hour or so, the sun began setting and I figured out where I was and was able to get home.

Jesus is our guide in life. If we follow His teachings in the Scriptures, we can find our way a lot easier than when we don't use them as a guide. Many times we may wander in our lives, but with Jesus we can find the right way again. If you feel that you are lost, stop and pray. Then listen for an answer. If we do this, life will be much easier. Just as the scriptures tell us, "When the Spirit of truth comes, he will guide you into all the truth."

Pray with me: "Dear Lord, thank you for being our guide in life. Please help us to always follow your teachings. Amen."
